o **Any other New Business**

As I've told folks, I'm involved in a high priority project at the Washington Navy Yard though the end of April. I will be leaving Hinton on Monday mornings and will be returning home on Friday afternoons. Because I will be out of town, I am going to need to have folks step up in my absence to make sure our party's business keeps moving forward. I appreciate your patience and your efforts! Thank you! Joe

Barring any other business, I recommend we adjourn. Next meeting is scheduled for 8 March 2010.
